## Pumpkin Clarifying Mask

*Pore-Detoxifying Treatment*

Exfoliating 5% pumpkin enzyme with papaya and salicylic acid loosens debris and dead cells in pores. Lessens blackheads and promotes clearer skin.

### Benefits

- Exceptionally effective at ridding the skin of whiteheads and blackheads
- Exfoliates and bring out the fresh, smooth skin underneath

### Featured Ingredients

**Pumpkin Enzyme:** Naturally occurring fruit enzyme with high levels of proteases, to exfoliate dead skin and empty pores of debris. A single use can help blackheads and continued use helps resolve and prevent new acne lesions.. Very pleasant pumpkin scent adds an aromatherapy benefit.

**Kaolin:** Also called China Clay, Kaolin absorbs surface oils resulting in a very soft, matte texture after wash-off.

### Directions

- Apply the mask as an exfoliator in a thin film to face, avoiding eyes. A tingling sensation may occur on contact and usually subsides when dry. If tingling persists, wash off immediately and apply in thinner film. If tingling is not persistent, leave mask on for twenty minutes and gently wash off with at least fifteen splashes of tepid water. Use at least 3 times a week or daily as directed.
- Mask thickness can vary. The thicker application (an opaque film) gives the most impressive results. Also, excellent to use on other areas of acne and folliculitis, such as shoulders, chest, and back. In these areas, the mask can be left on for up to forty five minutes as tolerated.

### Ingredients

Water, Lactobacillus/Cucurbita Pepo (Pumpkin) Fruit Ferment Extract, Papain, Glycine Soja (Soybean) Oil, Kaolin, Bentonite, Zea Mays (Corn) Starch, Squalane, Glyceryl Stearate, PEG-100 Stearate, Cetyl Alcohol, Butylene Glycol, Salicylic Acid, Tocopheryl Acetate, Allantoin, Dimethicone, Glycine, Phenoxyethanol, Caprylyl Glycol, Chlorphenesin, Tetrasodium EDTA, Ammonium Laureth Sulfate, Red 40, Yellow 6, Red 33, Fragrance.
