*Tightening Hydrating Cream*

Hydrating cream with linoleic acid, peptides, and vitamins C and E. Firms and tightens neck and chest.

### Benefits

- Helps firm and smooth skin
- Visibly improves skin's health and texture
- Imparts youthful radiance
- Instantly see firming and tightening of the neck and chest
- Excellent for pregnant woman

### Featured Ingredients

**Marine Algae Extract:** Quickly, visibly firms your skin and helps provide long-term anti-aging effects by helping to protect the skin from oxidative stress and helping to strengthen collagen and elastin fibers.

**Botanical Peptide:** Helps strengthen elastin fibers, helps protect against free radical damage while improving skin moisture.

**Vitamin C:** most popular of all antioxidants. It provides a photoprotective effect to protect skin from photoaging changes and acts as a skin brightening and firming agent.

**Elhibin and Colhibin:** two peptides that block the breakdown of elastin fibers and collagen to provide skin firming and anti-wrinkle benefits.

### Directions

Twice daily, massage generous amount onto neck and chest areas using gentle upward motions.
